CALL FOR PAPERS

20th Conference Process Integration, Modelling and Optimisation for Energy Saving and Pollution Reduction

PRES'17

21-24 August 2017
Tianjin, P. R. China

www.conferencepres.com

PRES'17 is the Jubilee 20th conference initiated in collaboration with the late Prof Zdeněk Burianec in the framework of CHISA congresses

THE AIM

The aim of the PRES conferences is to review the latest development and applications of process integration for energy conservation, pollution reduction and related topics. Industrial experience is especially welcome.

**PRES'17 will be held at
Society Hill International MICE
Complex
in Tianjin, China**

The PRES conference is traditionally held every second year in the heart of Europe, and in **2017** will be **held in Tianjin, P.R. China**.

The third largest city in China welcomes delegates from more than 60 countries. They represent, beside traditional European countries, Asia, Africa, Australia, North and South America.

TOPICS

- a) Process integration for sustainable development
- b) Energy saving technology
- c) CO2 minimisation and mitigation
- d) Combined heat & power, Combined and Integrated cycles
- e) Heat exchangers as equipment and integrated items
- f) Integration of renewables, biomass and energy conversion technologies
- g) Integrated and multifunctional operations
- h) Operations research and supply chain management
- i) Pulp & paper
- j) Clean technologies - Low emissions technologies
- k) Sustainable processing and production
- l) Waste minimisation, processing and management including waste to energy
- m) Batch processes
- n) Dynamic, flexible and sustainable plant operation
- o) Industrial application & experimental studies & optimal design
- p) CFD and numerical heat transfer
- q) Sustainable biofuel production
- r) Data Reconciliation for Process Industry
- s) Special Topic: Water-Energy Nexus

DEADLINES

15 December 2016, Abstract Submission
28 February 2017, Full text submission

ABSTRACTS SUBMISSION

Authors wishing to present a contribution are asked to prepare about 2,000 characters (one page) abstract.

Please indicate the topic, and submit it by webpage at: <http://pres17tianjin.hebut.edu.cn/>

FORMAT

Invited lectures; papers submitted will be considered for oral/poster presentations

CHEMICAL ENGINEERING TRANSACTIONS

The full set of accepted papers (in the form of short papers of 6 pages) will be published in a Proceedings volume in Chemical Engineering Transactions www.aidic.it/cet (indexed by SCOPUS and TSI, EI Compendex Index).

PUBLICATION POLICY

Selected extended papers will be published in special thematic issues. From PRES 2014 the following Special issues are being published:

- **Journal of Cleaner Production [IF=4.959]**
Co-Editor-in-Chief: Prof Jiří J. Klemeš,
- **ENERGY [IF=4.292]**, Editor-in-Chief: Prof Henrik Lund, Aalborg University, Aalborg, DK
- **Applied Thermal Engineering [IF=3.043]**
Editor-in-Chief: T. S. Zhao, Hong Kong University of Science & Technology, Kowloon.
- **Clean Technologies and Environmental Policy [IF 2014=1.934]** Editor-in-Chief: Dr Subhas K. Sikdar, retired from US Environ. Protection Agency, Cincinnati, USA
- **Frontiers of Chemical Science and Engineering [IF=1.043]** Editor-in-Chief: Prof Jingkang Wang, Tianjin University, P.R. CN
